TABLETOP

The chequerboard inlay in this product has been handcrafted in bone by highly skilled craftspeople in India using traditional techniques. The black resin is mixed and hand poured creating a lovely, contrasting pattern

The unique art of bone inlay comes exclusively from the Indian state of Rajasthan. The bone is a biproduct and helps ensure that no part of the animal is wasted. The bone inlay in our products comes from buffalo and is handcrafted by highly skilled craftspeople using traditional techniques. No animals are slaughtered for this process. Ethical practices are followed when gathering remains of animals that have died naturally, or it is sourced as a biproduct from other industries

Variations will occur and no two tables are the same

TABLE BASE
