INSTRUCTIONS

1

On a flat surface, open your bamboo shade A to form a circle
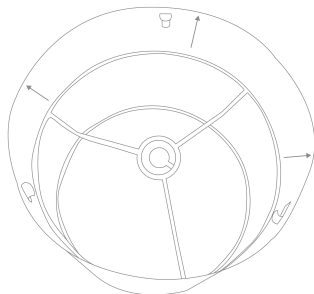

2

Place hoop B inside the bamboo shade until this reaches the lower hooks. Top tip: you'll find this easier if you enter the hoop at an angle.
Push down the hoop so this sits level within the hooks and click the hoop securely into place.

**3**

Take hoop C and place this inside the shade past the hooks at the top.

4

Lift the frame upwards and fix securely into the top hooks.

5

Make sure both hoops are secure before hanging.
