Metal and birch wood, variations may occur.

CARING FOR YOUR UPHOLSTERED FURNITURE

To ensure that your upholstered furniture is kept in pristine condition, lightly vacuum (low power, avoid high power suction) to pick up any fluff or marks that have been left. If you do this regularly, your upholstered product will remain in the best condition.

NEVER use water to clean fabric – use a dry cloth to remove surface moisture. Always dab the affected area, do NOT rub.

It is always advisable to use a specialist upholstery dry cleaner. Do not drag your upholstery as it may damage the joints and mark your floor.

Do not overload storage area. Maximum internal load 50kgs
Ensure weight is evenly distributed within the ottoman.
Avoid sharp objects.
